Dear Guests,

Efficient, smart management of our planet's most precious resource is as vital as the resource itself. BERMAD water management solutions offer nothing less.

Founded in 1965, BERMAD knows the value of a single drop of water and how to best reap its full advantage. Today BERMAD serves global customers in a wide range of fields. Bringing together its expertise and know-how, leading-edge technology and precision engineering, BERMAD provides comprehensive customised solutions for the control and management of water supply anywhere in the world.

Based on expertise that comes from years of hands-on experience, BERMAD has developed state-of-the-art control valves and related products, along with comprehensive system solutions for a range of water management needs.

During this event we are proud to present our latest development – the Air valves product line. This new line offers unique solutions to water supply systems in the waterworks, sewage and wastewater arenas.

I want to extend a special thank you to all of the BERMAD customers for their loyalty through-out the years. We are pleased to see you all and hope to continue serving you for years to come.

Respectfully yours,

Ran Israeli  
CEO
